# BELONG

Get connected and start growing in God.

Joining a small group will:

- Provide for close interpersonal FELLOWSHIP and interaction between the believers so that committed relationships can be developed.
- Promote UNITY and bonding as a family, providing a place where believers can feel part of the body of Christ.
- Help MEET THE NEEDS of believers on every level, i.e. spiritual, social, intellectual and physical. This involves praying and caring for each other, sharing with each other and ministering one another.
- Provide PASTORAL CARE for every partner of the church so that they can receive special personal attention, encouragement, instruction, edification, exhortation, admonition, etc.
- DISCIPLE believers to a point where they will in turn be able to disciple others more effectively. This involves teaching converts the basic truths and principles of the Word of God.
